

WHAT IS ENERGY STAR?

ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping us all save money and protect the environment through energy efficient products and practices.

Results are already adding up. Americans, with the help of ENERGY STAR, saved enough energy in 2007 alone to avoid greenhouse gas emissions equivalent to those from 27 million cars ~ all while saving \$16 billion on their utility bills.

As an ENERGY STAR partner, SPU is committed to promoting energy efficiency through rebate offers on ENERGY STAR products.

For more information regarding ENERGY STAR labeled products, visit www.energystar.gov.

If all computers sold in the United States meet the ENERGY STAR requirements, the savings in energy costs will grow to about \$2 billion each year

SHAKOPEE PUBLIC UTILITIES
"Lighting the Way - Yesterday, Today and Beyond"

255 Sarazin Street
Post Office Box 470
Shakopee, Minnesota 55379-0470

PROGRAM QUALIFICATIONS

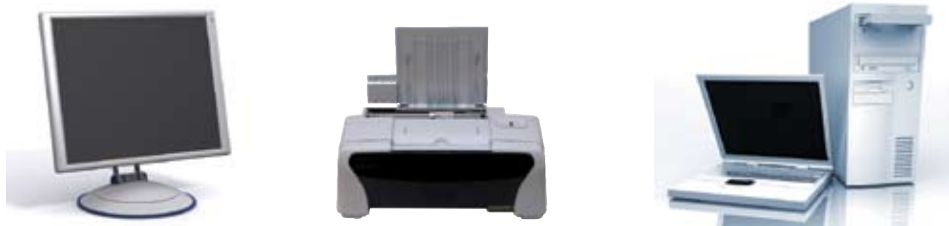

To receive a rebate, you must meet the following criteria:

- ▶ Rebates are limited to current commercial or industrial rate electric customers of Shakopee Public Utilities.
- ▶ Limit five (5) rebates per product group.
- ▶ ENERGY STAR equipment must be purchased in 2009. (Leased equipment is not eligible.)
- ▶ Rebate forms must be returned to our office no later than 11/30/09.
- ▶ Rebates cannot exceed purchase price.
- ▶ Submit rebate form, copy of ENERGY STAR label, and copy of dated receipt to:

Shakopee Public Utilities
ATTN: Rebates
Post Office Box 470
Shakopee, MN 55379

Limited rebate funds available. Shakopee Public Utilities reserves the right to modify or discontinue programs without prior notice.

It is the customer's responsibility to verify equipment meets the ENERGY STAR guidelines. ENERGY STAR is a US Government DOE/EPA program. Visit their web site at www.energystar.gov, or call toll free (888) 782-7937.

CHOOSE ENERGY STAR – SAVE ENERGY. SAVE MONEY.

Consider these benefits when purchasing ENERGY STAR labeled office equipment:

High Quality Without High Cost — ENERGY STAR labeled office equipment saves energy and money without sacrificing performance, features, or reliability. And they typically cost about the same as conventional models.

Power Management Settings — In order to save energy and protect the environment, the low-power feature on ENERGY STAR labeled office equipment must be activated so that the equipment goes to “sleep” after a period of inactivity. For example, an ENERGY STAR labeled fax machine uses 55 percent less energy in sleep mode than in standby mode while remaining immediately ready to send or receive faxes.

Greater Savings — Considering that ENERGY STAR labeled office equipment costs the same as conventional equipment, savings can add up quickly.

ADD UP YOUR SAVINGS

In addition to receiving rebates for office equipment, you'll save on your utility bills when purchasing ENERGY STAR labeled products.

Product	Rebate	Estimated Annual Utility Savings
Computer	\$35	\$25
LCD Monitor	\$35	\$34
Printer	\$25	\$43
Multifunction Device	\$20	\$22
Scanner	\$15	\$9
Fax Machine	\$15	\$16
Mailing Machine	\$15	\$17
Occupancy Sensor (ceiling mount)	\$36	***
Occupancy Sensor (wall mount)	\$12	***

***Depends on hours of operation.
